Summary

Enthusiastic and motivated Computer Engineering graduate with a solid foundation in software development and a passion for front-end technologies. Eager to apply my skills in a dynamic, collaborative environment, and contribute to impactful projects. Seeking a junior-level position to further develop technical expertise and tackle real-world challenges.

Education

Birzeit University B.A. in Computer Engineering September 2019 - June 2024
High Distinction, Dean's list for 6 semesters (GPA: 87%)

Nour Al-Huda Schools High School Diploma July 2018 - August 2019
Scientific Stream, (GPA: 98.3%)

Professional Experience

Front-end Developer (Intern) February 2024 - July 2024
Foothill Technology Solutions Ramallah

- Developed responsive web pages using HTML, CSS, JavaScript, TypeScript, and React. Implemented DOM manipulation and integrated Node.js for server-side development.
- Conducted unit testing with Jest and React Testing Library, ensuring code reliability.
- Utilized Git for version control, managing branching, merging, and conflict resolution.
- Collaborated in weekly meetings to discuss progress, challenges, and received feedback.

Front-end Developer (Intern) August 2023 - September 2023
Nokia - EXALT Technologies Ltd. Ramallah

- Completed an intensive training program focused on front-end development.
- Developed a React-based event management website, including features for adding/editing events, sorting, and searching.
- Maintained high code quality through Git and GitHub, with a 100% approval rate on pull requests.
- Implemented end-to-end testing with Cypress, ensuring smooth functionality.
